To Returning Citizens/Neighbors and Colleagues involved in Corrections and Reentry Services:

Attached is an application from THRIVE Communities for our community initiative: **Circles of Support and Accountability (COSA)**. COSAs are designed to accompany Core Members (individuals returning from incarceration) through the journey of reentry by matching them with a dedicated team of three community volunteers who meet weekly with the Core Member for 12 months. This team is supported by a TRHIVE staff member (Reentry Coach). Core Members and COSA volunteers often form positive long-lasting friendships. Each COSA team is supported by professionals involved in our Core Member’s care, community groups, and others equipped to respond to challenges the team may face. These important layers of community join together to help Core Members set and achieve their own goals, uphold reentry requirements, and provide a space for supportive forms of accountability.

Please share this information broadly with colleagues and incarcerated people seeking reentry support. THRIVE seeks applicants who are **adults (25+) with limited social supports** returning from jail or prison to **Lowell or Lawrence**, Massachusetts. We serve individuals of **all genders and offending categories** and will prioritize applicants who are of **medium to high risk** with the greatest need for social support. During this fourth year of service (2020), THRIVE plans to match up to four Core Members with a COSA Team each quarter. Participation in COSA is fully voluntary, so applicants should only apply if this is a reentry approach that sounds appealing to them. A three-to-six-month lead time before release is helpful to properly prepare a COSA team, the more time we have to prepare, the better. **THRIVE is seeking individual applicants reentering society any time in the next 24 months.**

Here is a link to an article about COSAs in Vermont as well as a link to other relevant articles. While most COSA projects have focused on people reentering who have a history of sexual offending, Vermont has successfully opened their circles up to a broader population. Likewise, THRIVE Communities serves individuals of all offending categories.

What is a COSA?

A COSA is a Circle of Support and Accountability.

Who is on the team?
The team includes you (Core Member), three community volunteers, and a reentry coach.

What does the team do?
The team walks with you through the challenges and successes of reentering a community. Each week, everyone meets in a Circle for about one hour to share and support each other as well as work through the difficult moments. Volunteers will also meet with you outside of the circle meeting: for coffee, a shopping trip, to go to a job interview, etc.

Why should I participate in COSA?
COSA has been shown to be very effective in helping people stay out of jail/prison, think through difficult decisions, and achieve personal goals. Everyone on the COSA team will support you in building a positive life.

If I join COSA, what am I committing to?
You are agreeing to work with your team for at least one year. You are agreeing to live in a way that doesn’t hurt people and honors the commitments that you make with your team. You are committing to be honest with your team about your struggles and challenges.

Why do people volunteer for COSA?
Each volunteer is different, but all team members agree that they want to live in a community that is welcoming and safe for all people, including those returning from incarceration.
